Rules:

The tournament will be held in accordance with the ISF tournament and game rules, as published on www.strategobond.nl

Teamcup specific rules

Structure:

We will be playing 6 rounds using the swiss pairing system.

In case eight or less teams participate, we will be playing a full competition. Winner of the teamcup will be the team which scored the most matchpoints during the tournament. Boardpoints may be used as tiebreak.

Matchpoints:

A team receives 2 points for a win, 1 point for a draw and 0 points for a loss.

Boardpoints:

During four individual games which the teams will play against each other the normal scoring system is used. 6 for a win, 3 for a draw and 1 for a loss. When all four games are concluded, the team with the most boardpoints during the match wins the matchpoints.

Determining the standings:

1. Matchpoints
2. Net board points (Won boardpoints minus boardpoints gained by opponents)
3. Won boardpoints

If still tied:

1. Boardpoints scored by player #1, #2 and #3 of each team
2. Boardpoints scored by player #1 and #2 of each team
3. Boardpoints scored by player #1 of each team

Teams:

A team consists of 4 players each. A team must have at least 3 players. In case a team uses 3 players, the 4th board will be a loss by default each round.

Team composition:

There are no requirements nor restrictions regarding the team composition

Playing time

The total playing time each round is 55 minutes (includes 5 min setup time). All boards will play with a bronstein clock. In case both players agree, players can also play without a bronstein clock.
